

Home Hemodialysis (HHD) Travel Packing List

Proper preparation and packing are essential to ensure a smooth trip with your NxStage® HHD system. This is an example of a packing list that you may use to prepare for your trip. Please consult with your care team to verify your individual needs. You may not need everything on this list. Your packing list will depend on your access, prescription, destinations, and itinerary.

(for personal accessories,
not to be used with cycler)

Useful Tips

1. Technical Support is available 24/7 in case you need assistance while traveling.
1-866-697-8243 ext 2
2. Write down your prescription and cycler settings in the instance you need an equipment swap while traveling.
3. Protect your warmer by wrapping it in bubble wrap or padding before placing it in your suitcase.
4. It is encouraged to bring two days of supplies in case of delivery delays. If possible, have supplies arrive before you do.
5. Helpful “extras” to bring: screwdriver, pliers, scissors, masking tape, heating pad
