

Peritoneal Dialysis (PD) Travel Packing List

Proper preparation and packing are essential to ensure a smooth trip with your Peritoneal Dialysis (PD) system. This is an example of a packing list that you may use to prepare for your trip. Please consult with your care team to verify your individual needs. You may not need everything on this list. Your packing list will depend on your access, prescription, destinations,* and itinerary.

Treatment Supplies

- Solution bags (for cyclor or manual treatment as needed)
- Drain bags/drain lines
- Caps
- Disinfectant (as trained)
- Masks
- Thermometer
- Blood pressure cuff
- Bathroom scale (if one is not available at the destination)
- PD fluid warmer

For cyclor patients only:

- Cyclor sets
- Liberty® travel case

Exit Site Supplies

- Small/large gauze
- Exit site cleanser (as trained)
- Under pads
- Paper tape
- Island bandages
- Water proof patches (if used)
- Masks
- Exit site cream (if needed)

Optional Ancillaries

- Medications (as prescribed)
- Medical supplies (as required by your clinic)
- Shower necklace
- PD belts
- Gloves

* Travel destination must have at least a room temperature-controlled environment and be free from access to domestic animals to ensure product stability and safe dialysis treatment.
